WORK EXPERIENCE

Jefferies LLC

New York, NY

Senior Vice President, High Yield Desk Strategy – AI Infrastructure/Energy/Autos/Power

July 2017 - Current

- Senior credit analyst covering AI Infrastructure, Exploration & Production, Oil Field Services & Equipment, Autos, and Power subsectors within the High Yield bond market, encompassing 100+ credits.
- Develop views on sector credits by performing thorough business due diligence and building complex financial models that assess profitability trends, project cash flows, and estimate valuation.
- Identify high-conviction trade ideas across capital structures, including distressed and special situations.
- Partner with trading colleagues to position and market best ideas, manage balance sheet risk and facilitate liquidity for clients.
- Publish company specific research detailing long and short recommendations, which are based on catalyst driven opportunities, absolute return, and relative value within a company's capital structure, sector, and asset class.
- Present company specific news and analysis, sector reviews and single-name credit teach-ins in daily trading meetings.
- Sell primary high yield and leverage loan new issuance by collaborating with management teams and providing detailed diligence responses to potential investors.
- Maintain active dialogue with senior PMs, CIOs, and analysts across top buy-side firms.
- Sample Coverage List: CRWV, APLD, WULF, CIFR, HTZ, CAR, TLN, NRG, VST, ASTONM, TEN, RIG, NEFINA, BORRNO, NBR, ASCRES, CRK, MSSCRK, TRUK, EOCGRO, CRASHC, CALCOL, AXL, DAN, ADNT, DEATIR, GT
